REPORT WRITE UP OF THE PROGRAM

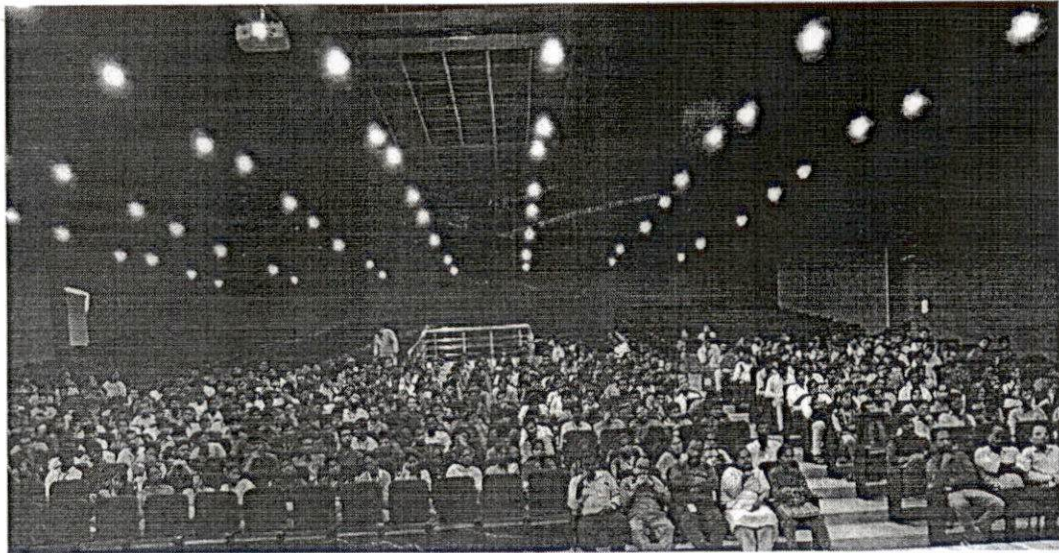

Report of seminar programme on personality Development

As part of a wakeup call to all students of CMR College of Engineering and Technology "A seminar programme on personality Development" was conducted on 6th September, 2016. Every year thousands of engineering graduates are leaving the hundreds of colleges. There is some justification as Indian economy needs their technical and engineering skills. But most of them lack the necessary employability skills such as soft skills and leadership qualities. Bearing this in mind a one day a seminar was held for the benefit of Students on 'Leadership and Personal Effectiveness with

Major objectives:

1. To develop leadership skills among the students;
2. To appraise students about the importance of communication skills, critical thinking skills, and collaborative skills;
3. To enable students to learn and face situations at individual level. :

The resource person of the seminar was the Assistant Professor B. Srinivas. The Seminar was presided over by the principal of the college Major. Dr. V. A. Narayana, who expressed the importance of leadership and personal effectiveness in present environment. The introductory remarks were made by the IQAC Coordinator of the college A. Kotishwar. All the HODs and faculty members participated in this seminar. Dr M S R Murthy highlighted the importance of changing one's mindset to face competition and enhance leadership skills.

PRINCIPAL
CMR COLLEGE OF ENGG. & TECH.
Kandlakoya (V), Medchal Road,
Hyderabad-501401.

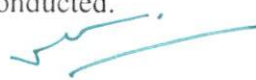

The program aimed to create awareness on different situations of the institution, which a student might or may undergo in their walk of life, raised on day to day life in the question hour students ask the speakers queries.

. The feedback obtained from the students revealed that:

1. The program had thrown light on communication and personal development.
2. Leadership skills;
3. They desired that more workshops/ seminars of this kind to be conducted.

Outcomes:-

Participants understood the importance of skills in their career and professional life.

Dear Sir,

Sub: Requesting permission to conduct an EQUAL OPPORTUNITIES CENTRE (EOC) event on 05/10/2016

I, Dr. M. Venkateshwarlu, convener of the EQUAL OPPORTUNITIES CENTRE (EOC) and associate professor of civil department, earnestly seek your permission through IQAC Co-Ordinator to conduct an EOC event.

Date of Event: **05/10/2016**

1. Name of event: workshop on "Awareness program on higher studies "by Associate Professor Amaru, to create awareness Student the higher education sector in India is set for some major changes and developments in the years.
2. Venue of event: Civil seminar hall Block-II
3. Target audience: students
4. Resources required from college - Auditorium
5. Amount Required : Nil
6. Faculty, staff and students involved in the event :list enclosed
7. Invitation Letter to the Guest: Enclosed.

I request you to grant me permission and do the need full.

Thanking you

Yours sincerely

REPORT ON AWARENESS PROGRAM ON HIGHER STUDIES

An awareness program was conducted at CMR College of Engineering and Technology for the students on date 05/10/2016, by EOC to orient the students about the various educational programs for the students to take up after graduation. For this connection, Assoc. Prof Amru from CMREC visited the campus to spread awareness and to encourage the aspiring students who wish to continue higher education in India or abroad.

The main focus of the program was to highlight the array of professions the students can pursue as higher education is no longer for the elite few and the number of students pursuing higher education is increasing rapidly. Assoc. Prof Amru even spoke about the availability of loans and how banks come forward in helping the needy for their education. By the end of the session, the students became aware of all the possible opportunities available for higher education and were loaded with knowledge about the Colleges and Universities in India and abroad which cater to their needs.

Report on Entrepreneurship and Incentives provided by State and Central Government

The objective of the Equal opportunity Cell is to help and empower the students. In this connection, The Equal Opportunity cell made an attempt create awareness about the financial assistance for the students in their career. On 2nd December, 2017 Equal opportunity cell of CMRCET organized an awareness program on how to apply Scholarships through Internet facility by Vijay Bhasker Reddy. The awareness created on scholarships available to the students are listed below

- Academic scholarships
- Average academic performance scholarships
- Athletic scholarship
- Scholarships for minorities
- Scholarships for women
- Creative scholarship
- Unusual scholarships
- Community service scholarships

The students were told about the importance of scholarships in pursuing their academics and later in their careers. Moreover it is extremely costly to pursue higher studies abroad. Thus scholarships play an important role in any student's life. Applying online for scholarships is a very useful and time saving tool.

As many sections of the society are not in a position to educate their children on their own, the Government of India made various types of scholarships available. Thus there are scholarships exclusively for women, SC/STs, and other economically weaker sections of the society.

The Directive Principles of the State Policy provide to promote with special care, the educational and economic interests of the target groups. To achieve the objectives of "Equality" with many facets, Govt. of India as well as State Govt. has been striving for socio-economic development of the people.

A student is allowed to avail the scholarship either under the State Scheme or Centrally Sponsored Scholarship Scheme, whichever is beneficial to him/her but can apply only under one scheme.

The Department for the Welfare of SC/ST/OBC/Minorities is implementing this scheme through DSFDC

Major Dr .V A Narayana principal of CMRCET spoken on this occasion about the proper utilization of scholarship schemes for the benefit of the students.

Report on Road Safety Awareness

A Seminar on “Road Safety for Divyangs” was held at CMRCET, Hyderabad on March 16, 2017. Professor Praveen Raj Saxeena gave informative lecture to the students.

He informed the students that owing to the violation of traffic rules on roads by the under aged driving on roads has become very unsafe, especially persons. He presented shocking statistics about the victims of the road rage. According to Road Accident Statistics India, 1214 road crashes occur every day in India. 20 children under the age of 14 die every day due to road crashes in the country. One serious road accident in the country occurs every minute and 16 people die on Indian roads every hour.

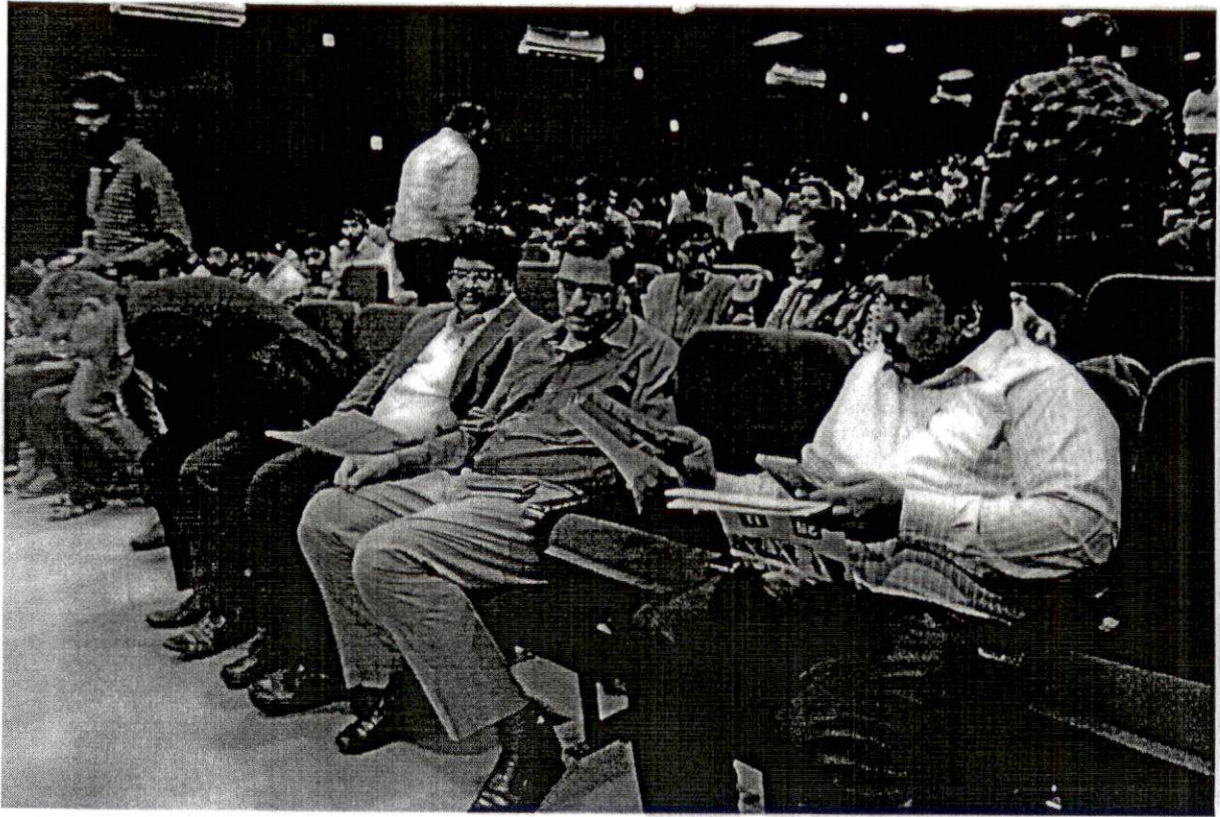

They made students aware of the newly passed Road Safety Juvenile Driving Laws. According to the recently implemented Road Safety Bill 2016 the guardian /owner shall be deemed to be guilty in cases of offences by the juveniles and juvenile shall be tried under JJ act. The representatives from the Traffic Police Ludhiana appealed to the students to follow traffic rules to maintain safety for one and all.

The students enjoyed the interactive session with Professor Praveen Raj Saxeena and were inspired to take the message back home about how critical road safety is. They were given the responsibility of ensuring that their family members follow the rules of the road, as breaking rules might be dangerous or fatal. Professor Praveen Raj Saxeena explained the risks of wheeling on the roads. He requested underage students not to drive vehicles on the road and to be civic conscious citizens.

PRINCIPAL

CMR COLLEGE OF ENGG. & TECH.
Kandlakoya (V), Medchal Road,
Hyderabad-501401

Principal Major Dr V A Narayana and professor Prasad flagged off the safety walk at which teachers, college bus drivers, cleaners and other support staffs were present. The students walked till the kandlakoya area and spread awareness by holding placards with messages of safety on the roads while driving and walking, shouted slogans and distributed pamphlets. The policemen who were on duty on Medchal Road, assisted in the smooth movement of traffic and safety of the students on the walk.

Outcomes

1. It recognises that prevention efforts notwithstanding, road users will remain fallible and crashes will occur.
2. It stresses that those involved in the design of the road transport system need to accept and share responsibility for the safety of the system, and those that use the system need to accept responsibility for complying with the rules and constraints of the system.
