Event report

On the day of 20/05/2015 “one-day seminar on current trends in automobiles” was organized by SAE COLLEGIATE CLUB of CMRCET and conducted in presence of all the dignitaries of the college, secretary and correspondent Sri Ch. Gopal Reddy, principal M Ramalinga Reddy, Head of mechanical department Prof. S Shyam Kumar and all other staff of CMRCET. The chief speaker was Mr. Narayana gurram (product design and CAE Manager). A total of 200 students did registration to take part in the seminar. The seminar started around 10:00 AM. All the dignitaries were invited on to the stage. All the dignitaries inspired all the students about how technology is advancing in the automotive sector. Later the chief speaker of the event Mr. Narayana Gurram who is working as the product design and CAE Manager started his speech with a warm welcome to all the students and thanked all the delegates for giving his introduction. The speaker divided his speech into 4 sessions and explained regarding each system in his session. The speaker made the whole speech interactive by taking real time experiences and asking students what they know in that sector and kept asking questions and as he finishes any specific topic, he asked students whether they had any doubts regarding it. He later started explaining how things are changing day by day in the industry and how students need to prepare and train themselves to survive in this competitive world.

He kept his pace during the complete speech and made students listen to every word he uttered. Students were delighted to listen his speech. Later the last session was entirely for doubts. After the session the delegates felicitated the speaker.
