SECRETARY'S MESSAGE

CH. GOPAL REDDY B.E.
Secretary and Correspondent,
CMRGI.

It's not a big deal in a way to achieve something in any field albeit the price of success is hard work but to carry it forward progressively is far more important and seemingly tougher. We indeed pride ourselves in living that truth with our unified force of both academics and administration to see that the CMRCET with autonomous status is unanimously glorified as the most sought after institution with a lot more feathers in its cap. I'm immensely delighted to learn that the stake holders of our college are relentlessly striving to turn this autonomous institution into a deemed university in near future by raising the bar from time to time.

'CMR CAPSULE' is the college newsletter that publishes the activities and achievements of all the departments, notification of timely changes within the institution and the contribution of both faculty and students to build the image of our institution. I'm really glad to congratulate and compliment the Principal, Editorial Team and the students' fraternity for their support and cooperation in bringing out the current issue of newsletter.

DIRECTOR's MESSAGE:

It is indeed gratifying to give this message on the publication of 'CMR CAPSULE' on the 16th anniversary of this autonomous institution. This Newsletter is a medium to give expression to the latent writing talent of both our students and faculty. CMRCET has been growing leaps and bounds in its short journey so far and made a mark among its peers for the quality of education imparted and its talented students who won several prizes in various competitions and brought well deserved laurels. The magazine also showcases the above achievements. Congratulations to the contributors of this Newsletter as well as the editorial staff who strived to bring this colorful and informative Newsletter in time for the annual day function.

**Director Academics
Dr.N. Satyanarayana**

PRINCIPAL MESSAGE:

These words by Franklin D. Roosevelt perfectly describe our aim at CMR College of Engineering & Technology. Introducing innovation and dexterity that matters, CMRCET delivers holistic education to pave the way for integrated personality by striking equilibrium between the modern outlook and traditional values. Here we make learning an amicable and enjoyable experience by implementing an integral approach with the right blend of academics and extracurricular activities. We develop massive confidence in our pool of highly dedicated and motivated faculty members who unfailingly offer our students the guidance and emotional support they need to sail through the thickest waters. CMRCET will continue to flourish and thread a spotless path to excellence, eminence of education and quality life. The college has blazed a trail of success for over years in its preparation of world class educational professionals by offering high standards of instruction. It gives me pleasure to pen a few words as prologue to our newsletter ‘CMR CAPSULE’ exclusively meant for churning out the latent writing talent which bears immense potentiality of sharpening the skills as part of overall personality development. I congratulate all the contributors and the editorial team for bringing out such a beautiful Newsletter

EDITORIAL

Life is a beautiful play where the script of the next act is not known to us. It's rightly said "Past is history, Future is a mystery, 'Now' is a gift and that is why it is called present". It is our Responsibility to live on present *now* so that it becomes a beautiful Memory and gives a hope towards a bright future. The best part of a human's life is during his/her undergrad years the most enjoyable part which decides his/her future and gives him/her the memory for a lifetime. Where there is enough time for friends and be happy enabling self in pursuing a career taking the seeds of the knowledge which could flourish into a flowery garden in future. The eternal happiness lies in knowledge by which he/she gets to know himself/herself. The Newsletter 'CMR CAPSULE' gives the CMRCET students that reminiscence which they would relish all throughout their life as an opportunity to excel themselves and evolve themselves into better human beings.
